

\*\*\* MATERIAL SAFETY DATA SHEET \*\*\*

This MSDS is being provided to your company for the purpose of providing current health and safety information to your management and for your employees who work with this material. Please read the information on these sheets, and then provide this information to those people at your company whose responsibility it is to implement the "Workplace Hazardous Materials Information System (WHMIS)". Also make this information available to any employee who requests it.

Date of Preparation: 01/02/15

3700-642B

SECTION I PRODUCT IDENTIFICATION AND USE

Manufacturer : W. R. MEADOWS OF CANADA

- H M I S -

Address : 70 Hannant Court
: Milton, ON L9T 5C1

|Health : 2

|Fire : 1

|Reactivity : 0

|Person Protection :

Telephone # : (905) 878-4122

Emergency # : 1-800-424-9300 Chemtrec

(Hazard Rating: 0=Least, 1=Slight, 2=Moderate, 3=High, 4=Extreme, \*=Chronic)

Product Class : Class E, Corrosive Material

Product Identification Number: 3700-642B

Product Identifier : REZI-WELD™ GEL PASTE Component B

Product Use : Saw cut and concrete crack filler

SECTION II HAZARDOUS INGREDIENTS

Table with 9 columns: No. Hazardous Ingredient(s)\*, CAS#, % By Weight, LD50, LC50, ACGIH TLV/TWA, ACGIH TLV/Ceiling, ACGIH TLV/STEL, SKIN. Rows include Nonyl Phenol, Triethylenetetramine, Limestone, and Isophorone Diamine.

\* A more complete disclosure will be provided to a physician or nurse in the event of a medical emergency. None of the components of this product are recognized as carcinogenic.

Component data is defined in accordance with Sub-paragraph 13 (a) (i) to (iv) of the Hazardous Product Act.

N/E = Not established \* = Total Dust +: Rat

SECTION III PHYSICAL DATA

Physical State : Liquid Vapour Density : N/E
Specific Gravity : N/E Evaporation Rate : <1 (Ether=1)
Odour/Appearance : Brown Liquid, Amine Odor Percent Volatile : N/E
Vapour Pressure : N/E Freezing Point : N/E
pH : N/E Boiling Point : > 195 C (Estimate)
Odour Threshold : N/E

Coefficient of water/oil distribution: N/E

SECTION IV FIRE AND EXPLOSION DATA

Conditions of Flammability: Strong Ignition Sources Autoignition temperature: N/E

Means of extinction: Water Fog, Foam, Dry Chemical, Carbon Dioxide Sensitivity to mechanical impact: No

Flash point and method: > 36 Degrees C Sensitivity to static discharge: No

Flammability limits: LEL: N/E UEL: N/E

Hazardous combustion products: Incomplete combustion products.

SECTION V REACTIVITY DATA

Chemical stability Stable

If no, under which conditions:

Incompatibility (materials to avoid): Oxidizing agents, alkaline materials, and resins under uncontrolled conditions.

Conditions of reactivity: None Known

Hazardous decomposition products: None Known

Date of Preparation: 01/02/15

SECTION VI TOXICOLOGICAL PROPERTIES

---

**Route(s) of entry:** Inhalation, skin contact

**Effect(s) of acute exposure to product:**

**EYE CONTACT:** This product is presumed to be corrosive to the eyes. Direct contact may cause chemical burns and extensive corneal damage. Vapor exposure may result in moderate irritation and/or damage.

**SKIN CONTACT:** Direct contact may cause chemical burns and skin damage. Skin sensitization reactions may also occur.

**INHALATION:** Vapors/mists may be corrosive to the nose, throat, respiratory tract, and other mucous membranes. Overexposure may result in chemical pneumonitis or pulmonary edema which are potentially fatal. Lung sensitization reactions may also occur.

**INGESTION:** Direct exposure will cause chemical burns to the digestive tract.

**SIGNS AND SYMPTOMS:** Symptoms of eye irritation include pain, tearing, reddening, and swelling. Symptoms of skin irritation include reddening, swelling, rash, and redness. Symptoms of respiratory irritation include runny nose, sore throat, coughing, discomfort, shortness of breath, and reduced lung function. Symptoms of gastrointestinal irritation include sore throat, abdominal pain, nausea, vomiting, and diarrhea. Skin sensitization results in allergic dermatitis that may include rash, itching, hives, and swelling of extremities. Lung sensitization results in asthma-like symptoms such as tightness of the chest, wheezing, coughing, and shortness of breath. These symptoms may be immediate or delayed for several hours.

**AGGRAVATED MEDICAL CONDITIONS:**

**OTHER HEALTH EFFECTS:** None Known

**Exposure limits:**

**Effect(s) of chronic exposure to product:**

Carcinogenicity: No

Reproductive toxicity: No

Teratogenicity: No

Mutagenicity No

Synergistic Properties: No

---

SECTION VII PREVENTIVE MEASURES

---

**Personal protective equipment:** Wear safety glasses, goggles, and/or a face shield to prevent eye contact. Wear appropriate gloves and protective clothing to prevent direct skin contact.

**Engineering controls:** Use ventilation as required to control vapor concentrations. Ten air changes per hour are recommended for good general room ventilation. If exposure exceeds product PEL/TLV, use an appropriate NIOSH approved respirator.

**Leak and spill procedures:** Evacuate hazard area of unprotected personnel. Utilize appropriate personal protective equipment. Remove spill source and dike/contain spilled material. Remove residues with absorbent material and dispose with spilled material.

**Waste disposal:** Observe all Provincial, Federal, State, and local regulations regarding proper disposal.

**Handling procedures/equipment:** Avoid direct contact. Handle as a corrosive material.

**Storage requirements:** Store in cool dry area. Keep containers closed when not in use.

**Special shipping information:** None

---

SECTION VIII FIRST AID MEASURES

---

**EYE CONTACT:** If irritation develops/persists, move victim from exposure source and into fresh air. Flush eyes with water for fifteen (15) minutes. Seek immediate medical attention.

**SKIN CONTACT:** Remove contaminated clothing. Cleanse affected area by washing with mild soap and water. If irritation develops/persists, seek medical attention.

**INHALATION:** If respiratory symptoms develop, move victim from exposure source and into fresh air. If symptoms persist, seek medical attention.

**INGESTION:** Do not induce vomiting. If vomiting spontaneously occurs, keep the victim's head below the hips to prevent lung aspiration. Consult a hospital, physician, or poison control center and/or seek immediate medical attention.
